

SAP CAPABILITIES

Rapid Agility with Scalable Capability

Enterprise Technology and Business Systems Integrator

Since 2002, M&S Consulting has been a trusted partner for both commercial and public sector clients, specializing in IT outsourcing and delivering innovative technology solutions for critical business functions.

Our team of over 250 consultants has carved a niche in the industry by seamlessly integrating process and technology. With our depth and breadth of services, we offer decades of experience in identifying, scaling, mobilizing, implementing, and maintaining digital transformation initiatives regardless of where you are in the journey.

Why We're Different - Done.Better.Together.

With M&S, you gain an experienced, multi-dimensional technology partner to lead, execute, and support any SAP implementation. Our team becomes an extension of yours as your trusted implementation partner.

We provide immediate access to vetted resources and broad expertise to complete the current scope of work and beyond. Bringing in the right partner not only secures license renewal but also significantly helps you grow.

SAP Implementation

The services we provide include assessment and advisory, implementation, integration, rescue, development, delivery, managed services, and training.

We help our clients with enterprise-wide programs – like moving from SAP ECC to S/4HANA – and also more strategic implementations of solutions including SAP Billing & Revenue Innovation Management (BRIM) and SAP Convergent Mediation by DigitalRoute.

SAP RISE: We help organizations with on-prem ECC or S/4HANA software migrate to the cloud smoothly and securely.

CLIENT QUOTE

With the help of SAP and M&S Consulting, we can now offer our customers more individualized services that meet their specific needs.
